## Fun Facts about July

July was originally Quintilis, the fifth month of the year in the Roman calendar and always consisted of 31 days. It was changed around 450 BCE when January became the first month of the year. It was later changed to honor Julius Caesar during the Julian calendar reform in 44 BCE.

July is the seventh month of the year in the Julian and Gregorian calendar and is 31 days long. It is considered the warmest month of the year in the Northern Hemisphere and coldest month in the Southern hemisphere.

July starts on the same day of the week as April every common year and January in leap years. July does not end on the same day of the week as any year in common years but ends on the same day of the week as January in leap years.

July's birth flowers are the Larkspur or the Water Lily.

The birthstone for July is the ruby which symbolizes contentment.

## Resident Spotlight

July's Resident Spotlight is shining down on Jean Fields.

Jean was born Jean Catherine Fields to Wade and Minnie Griffin. She was born in New Castle, KY. She has 6 siblings, 3 brothers and 3 sisters whom are all still living. After grade school, Jean and her family moved to Youngstown, OH. She graduated from Chaney High School in Ohio. She then moved back to Kentucky and attended UofL. She received a degree in Education. Jean's first teaching job was in Campbellsburg. That was not her very first job, however. Babysitting was the very first job she ever had. She is still in contact with the baby boy she babysat. He refers to her as his "2nd mom".

When asked about her childhood Jean remembers travelling to Canada every year with her Aunt and Uncle. They would go to Niagara Falls. She remembers going fishing with her grandmother and all the good times she had with her siblings. But her

favorite memory is of frog giggering. "Dad would cook them in a cast iron skillet. They would jump out of the skillet!", she recalls. "Dad was the best cook around. He made the best cracklin' cornbread!"

James Fields attended grade school with Jean. However, they weren't fond of each other. As she looks back on this moment she states, "We hated each other!". However, after she moved back to Kentucky, things were different and they started dating. Jean and James were married on August 30, 1949. Together they raised 5 children, 2 girls and 3 boys. She is proud to say she is a grandma, great grandma, and great great grandma.

When asked for words of wisdom for the younger generation she states, "Be yourself, believe in yourself, and Don't bother anyone else."
