June Birthdays

In astrology, those born between June 1–20 are Gemini's Twins. They have two distinct sides to their personality: sociable and ready for fun, or serious and thoughtful. Sometimes they feel as if one half is missing, so they forever seek new friends. Those born between June 21–30 are Crabs of Cancer. Guided by their hearts, Crabs are deeply emotional and nurturing. They create comfortable homes and always welcome people into their circle.

The King Is Born

On June 5, 1956, a young and charismatic musician named Elvis Presley appeared on *The Milton Berle Show*. While this was not Elvis' first television appearance, and not even his first appearance with "Uncle Miltie," his rendition of *Hound Dog* became at once both famous and infamous. Before this performance, Elvis was often captured on camera playing his guitar from the waist up. However, for *Hound Dog*, the 21-year-old Elvis threw aside his guitar so that America could watch him gyrate his body from head to toe. For these scandalous gyrations, he was dubbed "Elvis the pelvis" and panned by critics as gross and inappropriate. The publicity for this performance put Elvis into the spotlight as the new "King of Rock 'n' Roll."
