

February Horoscopes and Birthdays

In astrology, those born between February 1–18 are Water Bearers of Aquarius. They are creative philosophers at heart, getting to the root of problems and using their passion for the benefit of others. Those born between February 19–28 are born under Pisces. Friendly and selfless, they are always willing to help others with their hearts on their sleeves. Thanks to an intuitive understanding of life, Pisces make deep connections with others.

A Penny for Your Thoughts

A penny may be worth only one cent, but after a lifetime of finding lost pennies, you could amass a small treasure. Consider the value of the cent on February 12, Lost Penny Day. Technically speaking, it costs 2.41 cents to mint one new penny. In 2013, the U.S. government spent \$169 million to put \$70 million worth of pennies in circulation. Some retail outlets have decided to do away with the penny altogether by rounding prices down to the nearest nickel.

In 2012, Canada decided to nip the problem in the bud and eliminate their

penny, joining Britain, France, Israel, Spain, Australia, Denmark, Sweden, and New Zealand in phasing out their smallest denominations of coins. The truth is, once a small coin can no longer be used to purchase items but is only used to make change, it becomes more trouble than it's worth. So on February 12, the question remains, "Should I bother to pick up that lost penny?" It depends on whether you can buy anything with it, or whether you're the superstitious sort who is simply looking to pick up a little extra luck.
