A TRADITION OF EXCELLENCE

At Calvert Manor Healthcare Center we continue to be committed to our tradition of excellence. Our 5 Star Quality Rating is the result of our team consistently providing superior healthcare in an environment that is both caring and friendly. Our Family Committed to Caring for Your Family.

SKILLED NURSING CARE

Our professional staff is here to meet your nursing care needs 24 hours each day. Being responsive to your needs is our highest priority. The caring and qualified team at Calvert Manor Healthcare Center will provide the assistance needed to ensure your continuum of care.

REHABILITATION CARE

Our Rehabilitation Program allows us to focus on your individual needs for customized treatment and plan of care. Our professional team members understand there can be many challenges when recovering from a traumatic accident, stroke, major surgery or serious illness. Your therapy success is our goal for short-stay rehabilitation patients, as well as long-term care residents.

Our interdisciplinary team will provide the required support to help the patient regain their previous abilities and integrate challenges into their lifestyle. On-site physical, speech and occupational therapy programs are focused on helping each patient restore mobility and independence.

LONG-TERM CARE

There are times when residential care is the safest and most caring option for our loved ones. At Calvert Manor Healthcare we are all a caring family. Our staff is here to provide the assistance needed with activities of daily living.

SECURE UNIT

Our secure unit allows for the special care needed to safely take care of those with symptoms of severe dementia and Alzheimer's disease. At Calvert Manor Healthcare Center, providing special care in an environment which promotes individual dignity and person-center care is an important part of our commitment.

LIFE ENRICHMENT

We offer a range of creative activities with the individual's lifestyle and personal history in mind. Our dedicated life enrichment team members understand how important engaging social activities are to supporting quality of life for our loved ones. Social interaction is encouraged for every resident.

RESPITE CARE

We are here when you need us. Respite Care is available to provide the continuation of care needed, when the primary caregiver is away. Respite care is available for a few days or as many as (30) thirty days.
