WELCOME TO

Caroline

NURSING & REHAB CENTER

We are located in historic Denton, MD. Our friendly community is just 20 minutes from Easton, MD and less than 30 minutes from Dover, DE.

We are family oriented, yet focused on providing the quality care and service you deserve.

If you are in need of short term care, we can offer a variety of skilled nursing and rehabilitative therapies.

If you are in need of long-term care services, our professional staff will make you feel right at home.

SKILLED NURSING

We are here to meet your skilled nursing care needs 24 hours each day. Being responsive to your needs is our highest priority at Caroline Nursing & Rehabilitation Center. Our professional team is committed to providing the assistance needed to ensure your continuum of care.

REHABILITATION PROGRAM

Our Rehabilitation Program allows us to focus on your individual needs for customized treatment and plan of care. Our rehabilitation care team understands there can be many challenges when recovering from a traumatic injury, stroke, or serious illness. Your therapy success is our goal for short-term stay rehabilitation patients, as well as long-term care residents.

Our interdisciplinary team will provide the required support to help the individual regain their previous abilities and integrate challenges into their lifestyle. On-site physical, speech and occupational therapy programs are focused on restoring mobility and independence.

We specialize in medically complex care by offering multiple disciplines of rehabilitation through, physical, speech and occupational therapy. We offer special concentrations of rehabilitation care.

We are able to provide an exceptional level of intervention and case management for many of the most complex rehabilitation care needs:

- Medically Complex Care
- Orthopedic Rehabilitation
- Joint Replacement
- Falls Management
- Neurological Rehabilitation
- Neuromuscular
- Stroke Recovery (CVA)
- Pulmonary Rehabilitation
- Chronic Heart Failure (CHF)
- Chronic Obstructive Pulmonary Disease (COPD)
- Contracture Management
- Therapy Care & Services are 7 Days per Week

LONG-TERM CARE

At Caroline Nursing & Rehabilitation Center, we understand the difficulties that families can face with the decision to place a loved one. We are dedicated to making this process as seamless as possible, as we assist you every step of the way.

LIFE ENRICHMENT

We offer a range of creative activities with the individual's lifestyle and personal history in mind. Our life enrichment team members understand how important engaging social activities are to supporting quality of life for our loved ones. Social interaction is encouraged for every resident.

RESPIRE CARE

We are here when you need us. Respite Care is available to provide the continuation of care needed, when the primary caregiver is away. Respite Care is available for a few days or as many as (30) thirty days.
